We enjoy supporting the prosperity of conscious vintners by celebrating and sharing their wine with our guests. The list is organized by flavor profile, to empower you to choose a wine based on what flavors you are in the mood for. As you peruse our wine list, please feel free to ask questions. Try a taste of our various wines by the glass, or ask for some suggestions for a delicious bottle!

Like the menu here at SALT our wine list is a reflection of the bounty the farmers usher directly from vine to table. This day and age, more and more wines are grown, produced and bottled by the same individuals—with skill, focus and attention they mindfully birth their vintages with hands-on care from seed to cork. Many of these master farmers initially just grew grapes for other wine makers then over the years honed their skills to formulate their own wines.

Not only are we witness to this new era of growers, but also the new horizons of growing philosophy. Sustainable, organic and biodynamic farming practices have become the hottest trend in the wine industry. With ever growing awareness of "how we walk on the earth" and impact on the land, farmers are embracing a healthy competition to be "the most green grower." This commitment to land stewardship has proven not only to be more environmentally friendly but also resulted in better tasting blends. One winemaker I met says he "farms for flavors." This school of thought is a gift to all of us who love wine.

Cheers!

A WINE FIT FOR A POPE

The coveted Chateauneuf-du-Pape region in the Southern Rhone Valley of France produces some of the most sought after wines in the entire country.

Delas vineyards cover almost the entire Châteauneuf-du-Pape commune as well as part of four neighbouring communes (Bédarrides, Courthézon, Orange and Sorgues).

The soil is very stony and of variable depth, consisting mainly of large quartz stones mixed with red, sandy clay.

Their Chateauneuf-du-Pape's colour is a deep garnet-red. The nose of the "Haute Pierre" cuvée is characterised by strong spicy aromas, which show a rich, powerful body wrapped around with a more delicate yet tightly knit tannic framework.

Rich and unctuous on the palate, the finish reveals some intense, liquorice-like flavours.

The blend is 90% Grenache and 10% Syrah.

1312 Delas "Haute Pierre" Chateauneuf-du-Pape, Rhone Valley, France 90
